PRODUCT DESCRIPTION

- GAMTorch™, the RealFlame Torch for your productions
- Tested and proven in hundreds of stage performances and outdoor spectacles
- Produces 16 inches of real flame from solid GAMFuel™ pellets
- Virtually smokeless and odorless, GAMTorch™ is non-toxic and clean burning
- A real flame source that is environmentally safe

The automatic safety release latch will instantly snuff out the flame when the performers release their grip on the handle. Load one to four GAMFuel pellets into the fire chamber, depending on the size of flame you desire. Four GAMFuel™ pellets will give you about 15 minutes of a 16 inch flame. The clean burning pellets leave at most no residue.
