

GAM BLACKWRAP™

GAMPRODUCTS, INC. The Original Academy Award Winner

BlackWrap™, the original flexible matte black aluminum, is form-holding and heat resistant. When wrapped around fixtures or hardware, it keeps its shape and position. On strike night, BlackWrap™ is easy to remove. BlackWrap™ masks light leaks and conceals unsightly cabling. It is ideal for making a snoot or barndoors to control light.

- Masks light leaks
- Controls unwanted reflections from shiny surfaces
- Use BLACKWRAP™ outdoors for weather protection
- Ideal for making a snoot or barndoors to control light
- .002 inch thick, coated matte black on two sides
- Available in three widths: 12", 24", 36"
- Available as a tape in rolls 2 inches x 80 feet

BLACKWRAP™ TAPE

GAM has improved the BlackWrap™ Tape. The new adhesive is easier to remove and more forgiving in the clean-up. You will find this new and much improved version of the BlackWrap™ Tape easier to work with. BlackWrap™ Tape comes in rolls that are 2 inches wide and 80 feet long. We invite your inquiries about custom roll sizes as well.

BlackWrap™, which is made from aluminum foil, is a recyclable material and should be recycled whenever possible. The cardboard carton it comes in is made with 50% recyclable materials and of course can be recycled as well (made of a starch material, no glue and water based inks).
